### **Church Council's Statement**

Today, the Church Council has considered and adopted the Annual Report for the financial year 1 January 2022 - 31 December 2022 for the International Church of Copenhagen.

The Annual Report is presented in accordance with the Danish Financial Statements Act and no. 1283 of 15 November 2018 of Trossamfundsregistret.

In my opinion, the Financial Statements give a true and fair view of the assets, liabilities and financial position of the community at 31 December 2022 and of the results of the community's operations for the financial year 1 January 2022 - 31 December 2022

Copenhagen, 5 June 2023

# **Auditors' Report on Compilation of Financial Statements**

#### To the church council of the International Church of Copenhagen

We have compiled the accompanying financial statements for International Church of Copenhagen for the financial year 1 January 2022 - 31 December 2022 based on the information you have provided.

These financial statements comprise a summary of significant accounting policies, income statement, balance sheet and notes.

We performed this compilation engagement in accordance with International Standard on Related Services 4410 (Revised), Compilation Engagements.

We have applied our expertise in accounting and financial reporting to assist you in the preparation and presentation of these financial statements in accordance with the Danish Financial Statement Act. We have complied with relevant requirements under the Danish Act on Approved auditors and Audit Firms and the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (IESBA Code) including principles of integrity, objectivity, professional competence and due care.

The Financial Statement and the accuracy and completeness of the information used to compile them are your responsibility.

Since a compilation engagement is not an assurance engagement, we are not required to verify the accuracy or completeness of the information you provided to us to compile these financial statements. Accordingly, we do not express an audit opinion or review conclusion on whether the financial statements are prepared in accordance with the Danish Financial Accounts Act and no. 1283 of 15 November 2018 of Trossamfundsregistret.

### **Accounting Policies**

#### **Reporting Class**

The Annual Report of International Church of Copenhagen for 2022 has been presented in accordance with the provisions of the Danish Financial Statements Act applying to enterprises of reporting class A and nr. 1283 of 15 November 2018 of Trossamfundsregistreret.

The accounting policies applied remain unchanged from last year.

#### **General Information**

#### Basis of recognition and measurement

Income is recognised in the Income Statement as it is earned, including value adjustments of financial assets and liabilities that are measured at fair value or amortised cost. Moreover, all expenses incurred to achieve the earnings for the year are recognised in the Income Statement, including depreciation, amortisation, impairment losses and provisions as well as reversals due to changed accounting estimates of amounts that have previously been recognised in the Income Statement.

Assets are recognised in the Balance Sheet when it is probable that future economic benefits attributable to the asset will accrue to the Company, and the value of the asset can be measured reliably.

Liabilities are recognised in the Balance Sheet when it is probable that future economic benefits attributable to the asset will flow out of the Company, and the value of the liability can be measured reliably.

At initial recognition, assets and liabilities are measured at cost. Subsequently, assets and liabilities are measured as described for each item below.

Certain financial assets and liabilities are measured at amortised cost, which involves the recognition of a constant effective interest rate over the term. Amortised cost is calculated as original cost less repayments and with the addition/deduction of the accumulated amortisation of the difference between the cost and the nominal amount. This way, exchange losses and gains are allocated over the term.

In connection with recognition and measurement, consideration is given to predictable losses and risks occurring prior to the presentation of the Annual Report, i.e. losses and risks which prove or disprove matters which exist at the balance sheet date.

#### **Income Statement**

#### **Donations**

Donations is recognised in the Income Statement if the donations have been received.

#### Staff costs

Staff costs comprise wages, salaries and other pay-related costs, such as sickness benefits for enterprise employees, pensions and social security costs.

#### Other operating income

Other operating income comprises items of a secondary nature to the activities of the enterprises, including profits on sale of tangible assets.

### **Accounting Policies**

#### Other external expenses

Other external costs include costs for travel, parsonage, auto, administration and other expenses.

#### Amortisation and impairment of tangible assets

Amortisation and impairment of tangible assets has been performed based on a continuing assessment of the useful life of the assets in the Company. Non-current assets are amortised on a straight line basis, based on cost, on the basis of the following assessment of useful life and residual values:

Properties 50 years 50%

Land is not amortised.

Profit or loss resulting from the sale of tangible assets is determined as the difference between the selling price less selling costs and the carrying amount at the date of sale, and is recognised in the Income Statement under other operating income or expenses.

#### Financial income and expenses

Financial income and expenses is recognised in the Income Statement with the amounts relating to the financial year. Financial income and expenses consist of profit and loss from exchange rate variance from debtors.

#### Tax

The company is exempt from tax liability in accordance with the Danish corporate tax law act, no. 3.1 (3).

#### **Balance Sheet**

#### Tangible assets

Tangible assets are measured at cost on initial recognition and subsequently at cost less accumulated depreciation and impairment losses.

The depreciable amount is calculated taking into consideration the residual value of the asset at the end of its useful life, reduced by impairment losses, if any. The depreciation period and the residual value are determined at the data of acquisition. If the residual value exceeds the carrying amount of the asset, depreciation is discontinued.

In case of changes in depreciation period or residual value, the effect of a change in depreciation period is recognised prospectively in accounting estimates.

Cost includes the purchase price and expenses directly related to the acquisition until the time when the asset is ready for use. The cost of self-constructed assets includes costs for materials, components, subcontractors, direct payroll costs and indirect production costs.

The cost of composite asset is disaggregated into components, which are seperately depreciated if the usefull lives of the individual components differ.

Land is not amortised.

### **Accounting Policies**

#### Receivables

Receivables are measured at amortised cost which usually corresponds to the nominal value. The value is reduced by write-downs for expected bad debts.

#### Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and in hand.

#### **Equity**

Equity comprises the share capital and a number of equity items that may be statutory or stipulated in the articles of association.

#### Liabilities

Liabilities are measured at amortized cost, which generally corresponds to nominal value.
